Brother's Prompt Action Saves Young Boy's Life

Five-year-old Ricky Kubick, son of Mr. and Mrs. Joe Kubick of Vulcan, probably owes his life to his 11-year-old brother, Marvin, who tore the flaming clothes from the younger lad at the Kubick home on Saturday.

Mr. and Mrs. Kubick, who were in the process of moving from one house to the other, were away at the time, and the children had been left at home. In some unexplained way, while at play, young Ricky had become splashed with gasoline and when his seven-year-old sister struck a match nearby his clothing suddenly burst into flames. Hearing the screams of the two younger children, Marvin rushed to his brother's aid and succeeded in tearing the blazing garments from the young victim. Ricky was rushed to the Vulcan hospital, where he was reported to be suffering from first and second degree burns from his waist down.

Induction Service Held For St. Aldhelm's Vicar

An impressive service took place at St. Aldhelm's Anglican Church in Vulcan during which the Rev. Robert H. Johnson was inducted as Vicar of St. Aldhelm's, and the Anglican parishes at Lomond and Carmangay.

The Rt. Rev. G. R. Calvert, Bishop of Calgary, conducted the induction, while the Rev. E. H. Maddocks, Archdeacon of Bow Valley, conducted the institution of the incumbent as Vicar of the three parishes. Other clergy taking part in the ceremony were Canon F. Vaughan-Birch of High River, The Rev. Waverly Gant of Turner Valley, The Rev. G. S. Scovell of Lethbridge, The Rev. Paul Glover of Stettler, and The Rev. J. S. Clarke of the Vulcan United Church. Canon J. E. Birchall, of Calgary preached the sermon. Mrs. Roy Walker played the organ, assisted by a large choir. The keys of the parish were presented to Mr. Johnson by Messrs. Brian Todd and Reg Sansome.

After the service the Ladies' Guild of St. Aldhelm's gave a reception in the dining room of the Dodd Hotel. During the reception the Bishop spoke to the assembly. The local churches were represented by Mr. Clarke, Mrs. J. Chapman and Father Connelly.

Regular Meeting Ladies Auxiliary

The first meeting of the new season of the Ladies' Auxiliary to the Canadian Legion was held Wednesday, Sept. 19, with only 12 members present, doubtless due to the busy harvest season. Mrs. Marion Carruthers, the president was in the chair and conducted the meeting, assisted by the secretary-treasurer, Mrs. Sara Marsh.

In dealing with the correspondence, which was light, an appeal from the Unitarian Services of Canada was read and a donation of \$10 was voted to this cause.

Mrs. Carruthers appointed new committees for the next three months.

A discussion on the Poppy campaign was held and some committees named. Ways and means of raising funds were discussed.

At the conclusion of the business session a small raffle was made among the members with the prize going to Mrs. Jack Marshall who will furnish the article for the next raffle.

A dainty lunch was served by a committee.

Mrs. Emil Olsen Dies at Calgary

Funeral services for Mrs. Emil (Lillie) Olsen, who died in a Calgary hospital, Monday, September 24th, after an illness of a few months, were held from the Little Chapel on the Corner, in Calgary, Thursday afternoon, with the Rev. A. E. Berstead officiating. Burial was made in Queenspark cemetery.

Mrs. Olsen was born in Minnesota, and shortly after her marriage nine years ago came with her husband to make her home in Vulcan.

Retiring of nature she nevertheless had made a wide circle of friends here who join with her husband in mourning her passing.

M. R. Morrison and John Grant of Vulcan were among the pallbearers.

First Aid Course Starts Friday

The St. John Ambulance first aid course will get underway in Vulcan with enrollment and the first class starting at 8 o'clock Friday evening in the Civil Defence room of the Cottage School adjacent to the public school.

Advance enrollment indicates a class of 25 to 30 and further enrollments will be made opening night and at the second class. A much larger class can be accommodated.

Class nights will be determined at the first meeting to suit the majority. The first class or two will be repeated if necessary to accommodate those who enroll late due to harvest.

Instructor for the class will be J. Lundy Findlay, who has been conducting classes throughout the province for the past year. It is hoped that several of the advanced students will take their instructor's examination before the end of the year. The idea of forming a St. John Ambulance Auxiliary Brigade will also be investigated.

W. GORDON WOOD, vice-president of sales, Trans-Canada Air Lines, with headquarters in Montreal, was elected president of the Canadian Tourist Association at its annual three-day convention held recently in Charlottetown, P.E.I.

Louis Mueller Dies At Age of 77

A pioneer resident of the Alston district, where he homesteaded in 1905, Louis Adam Mueller died at Vulcan on Friday, Sept. 28, at the age of 77.

Born at Luddington City, Kansas, Mr. Mueller first came to Alberta in 1898, on a visit and in 1905 returned to stay. He was married in 1903 to Ada Sommers and farmed west of Champion until 1951, when he retired and moved to Vulcan. He had always taken an active interest in municipal and community affairs and for several years was a councillor in the former Municipal District of Harmony.

Surviving are four sons, Emery, Claude, Bernard and George, all of the Champion district; 13 grandchildren; two brothers, Otto in Edmonton and Ed in Iowa, and one sister in California.

Funeral services, conducted by J. R. Chapman and Rev. L. Fair, were held from the Vulcan United Church on Tuesday, Oct. 2, and burial was made in the Vulcan cemetery.

Hope To Form Feeders' Assoc.

A public meeting will be held in the Legion Hall, Friday, October 9 at 8:00 p.m. for the purpose of hearing a government speaker outline the organization and advantages of feeders' association.

Indications are that such an association will be formed in the Vulcan district and all interested cattle feeders are invited to attend this meeting.

Fire Destroys Garage At Merle Smith Farm

A garage and workshop on the farm of Merle Smith, west of Vulcan, was completely destroyed by fire last Thursday noon, with damage estimated at about \$4,000.

Mr. Smith and his brother-in-law, Charlie Pickard, had lit a fire in the heater, and while waiting for the shop to warm up had gone down to shoot ducks in the swathed grain. They soon noticed smoke coming out of the corner of the garage roof, so rushed back home and managed to get the truck, two welding outfits, power saw and some items out of the workshop. Due to faulty telephone lines, it was difficult to contact the neighbors and the building was nearly burned down before help arrived. One of the Vulcan Fire Department trucks was sent out and helped in controlling the blaze and in spraying a full gasoline tank adjacent to the burning building to prevent it from exploding.

Eighty-five miles of first class motor roads wind through the delightful forests of Riding Mountain National Park, Manitoba.

Businessman and Former Mayor, Errett King Dies

Funeral services were conducted at the Vulcan United church Wednesday afternoon, September 29, for the late Errett King, well known businessman and former mayor of Vulcan, who died of a heart attack on September 23. He was 70 years of age.

Born at Marsville, Ontario, he attended elementary school at Grand Valley and high school at Orangeville. He graduated from the University of Toronto in 1911 with a Ph.D. degree.

In 1912 he married Rena J. McCitrick of Hillsburg, Ontario, and that same year the couple moved west to Field, B. C., where Mr. King became manager of the Field drug store. In 1918 Mr. King bought Cope's drug store at Vulcan and resided here since that time.

In his younger days, Mr. King was active in the sports of hockey, bowling and lacrosse and in later years was an active curler and golfer. He was a member of the Vulcan Lodge, A. F. & A. M., and a former member of the Elks Lodge. Always interested in community affairs, he served on the town council for some years and was mayor of Vulcan from 1933 to 1939.

He is survived by his wife and by one son, Harold, in Vulcan, and by one brother, Noah, at Hillsburg, Ontario.

The funeral service was conducted by Rev. J. S. Clarke and last rites of the Masonic Lodge were given by Mr. King's fellow members of the Vulcan Lodge.

Pallbearers were J. T. Willard, William Munro, D. D. McQueen, E. G. McPherson, F. M. Anderson and Guy Volsey. Interment was made in the Vulcan cemetery.

SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

It should be quite evident to anyone that thistles are on the increase in this area in no small way. The past summer has been very favorable to their growth and by the same token very unfavorable to their control. However, no opportunity should be lost to break up the root system where they are established on summer fallow land, if good yields are to be expected in 1957. Crop land that is infested with these weeds this year should under no consideration be seeded next year. These thistles, both Canadian and sow, are a problem and will need to be recognized as such by every farmer. Waste areas around sloughs should be worked down whenever possible and seeded down to Reed Canary grass which will in time turn these spots into pasture and hay fields instead of the trouble spots that they are at present. This grass seed became in short supply during the past summer but it is expected that by next spring there will be considerable seed available again.

Prince Albert National Park, Saskatchewan, has a general elevation of about 1800 feet above sea-level.

Farewell Party

About 45 Fireguard friends and neighbors gathered at the home of Mr. and Mrs. Wilfred Warren Friday evening to bid fond farewell to Mr. and Mrs. Arthur Nelson, who are leaving the district about the middle of October.

The evening was spent in visiting and a sing-song. Mrs. Ed. Lundberg on behalf of those present, made the presentation of a Sunbeam electric percolator, wishing them well in their new home, also stating that Dode and Arthur had lived in the Fireguard district for 32 years and would be greatly missed.

They will reside in their new home at 2201 Centre St. N., Calgary.

Mr. and Mrs. Nelson thanked their friends and invited everyone to visit them.

The hostesses who were Mrs. Ed. Leingesser, Mrs. Ed. Lundberg, Mrs. Oscar Sletto and Mrs. Albert Orcutt, served a delicious lunch after which everyone departed.

Long Harvest Season Nearing Completion

Good harvesting weather has prevailed this week and combining of wheat should be completed in a few days. There was a sharp increase in acreage sown to flax this year and most of this still has to be combined, but a week of continued good weather would see most of the harvest cleaned up.

Duck damage has been negligible this year, with the big flights of northern mallards not yet putting in an appearance.

Re-organization of the Vulcan High School Students' Union took place at a recent meeting and officers were named for the new term.

Accident Causes Minor Injuries

A truck parked without lights or flares was the cause of an accident recently, when the car occupied by Mr. and Mrs. Dave Sim and son Allan collided with it on a road north of Vulcan.

Mrs. Sim was confined to the hospital as a result of minor but painful injuries and Mr. Sim also received minor injuries and was badly shaken up. Allan, who was driving at the time, escaped injury.

Recent Wedding of Carmangay Girl

A wedding of interest to her many friends in this district was solemnized at St. Mary's Cathedral in Calgary on August 4 when Rosemarie McMillan became the bride of Louis Castelli. Father Sullivan officiated at the double-ring ceremony in the presence of immediate relatives.

Given in marriage by her father, the bride wore a ballerina length gown of white crystalline with a chapel veil held in place by a shell bandeau of matching material. She carried a bouquet of red roses and stephanotis.

Miss Maria Castelli, sister of the groom, was her bridesmaid, dressed in a ballerina length shrimp crystalline gown. Her bouquet was white carnations.

at the 1955 Jamboree had a chance to see the great dams and smelters that make Canada a world supplier of aluminum.

But some did see a Canadian use of the light metal: outdoor cooking with aluminum foil. One Canadian troop showed how they used this handy material for doing potatoes, steaks and other foods over the campfire; how they kept food fresh in summer heat by protecting it with aluminum. If this missionary work carries the idea back to distant lands, Canada may have to turn out still more aluminum foil—even though last year her output, if laid in a 12-inch strip, would reach 382,000 miles.

FARROW

The September meeting of the Farrow W. A. was held at the home of Mrs. Harry Weber with Mrs. Cook assisting. The meeting opened by singing "The Lord is My Shepherd" and repeating the Creed. Mrs. Wilma Groeneveld led the devotion and the roll call "where I spent or would like to spend a holiday" was answered by 12 members and two visitors. The ladies decided to send one woollen blanket to the Mount View Home and one to Burnslake Mission Hospital in British Columbia. A motion was made and carried that a three-act play be put on in January.

The sum of \$15.75 was collected for hobo teas for the month of September.

The October meeting will be held at the church with Mrs. Groeneveld as hostess assisted by Mrs. Leacock. For roll call, each member will donate vegetables to Rundle Lodge.

All W. A. members are asked to send their recipes for the new cook book to Mrs. Knight immediately.

Anyone wishing to buy gladioli bulbs for 75c a dozen, please get in touch with Mrs. Bill Groeneveld. Proceeds go to Farrow W. A. During the first few days of the hunting season, Dr. McKenzie of Libby Montana and his father, Dr. McKenzie, Sr., of Michigan, were guests of Mr. and Mrs. Floyd Wark.

Congratulations are extended to Mr. and Mrs. Stan Cox on the birth of a daughter, Rita Ellen, in the High River hospital.

Mr. John Stinson of Edmonton, spent a few days visiting with his sister, Mrs. Bernice Paul, before going on to University in Butte, Montana.

Church services in the Farrow United Church will be conducted as indicated on the following time table: Oct. 7, 11.45 a.m.; Oct. 14, 10 a.m.; Oct. 21, 7.30 p.m., and Oct. 28, 11.45 a.m.

MAJORVILLE

As the song writer would say, this has been a most unusual year. In the spring it was a case of seed the spots that were dry enough to seed and return later to finish the piece. The showers that came were spotty and everyone was sure a drought season was on the way. About the middle of June came the heavy rains all were hoping for and in July it looked like a late harvest was in the offing. Some thought it may even be another year when crops would be out all winter, but, good old Alberta, in spite of everything a bountiful harvest has been gathered, gardens have yielded the biggest potatoes of all time, the biggest carrots you ever saw and so it goes. Now near the end of September the autumn flowers are still gladdening the hearts of the prairie dweller. We have a great deal to be thankful for around here this year.

Mr. and Mrs. Fred Bertschy had the family home on the occasion of Fred Jr.'s birthday. Those home for last Sunday were Mr. and Mrs. Bill Armstrong and Fay of Federal, Mr. and Mrs. Ed. Robertson and family, Mr. and Mrs. Bob Bertschy and family, Mr. and Mrs. Sonny Leslie and family, all of Mossleigh and Mr. and Mrs. Ralph Oberholtzer of Agrowood.

Something different in the way of entertainment was instituted in our neighborhood last weekend. Mrs. Lewis Greaves' brother-in-law and sister, Mr. and Mrs. Alf. Lines were visiting from California. Having a lot of relatives to visit it was a problem to work a whole evening in and when Rose did arrange for a supper it rained and the visitors couldn't get north of the district so they were invited for breakfast the morning they left. Everyone enjoyed the change of custom.

Gravelling has started on the road west of the post office and two miles have been gravelled to date. Larry Umscheid and Bart Clemmons made the rounds with some of the Lions name plate signs. This is a worth-while project and is much appreciated by the local residents. The fellows have still a few more signs to deliver so if you haven't received your sign yet it will be delivered when the boys have another break in the work at home.

Owing to the busy time on the regular date of the F.W.U.A. meeting, the September meeting was postponed for a month and the next meeting will be the regular October one. The meeting place will be announced later.

Mr. and Mrs. Chadzie of Chilliwack were guests for a few days during the week at the home of Mr. and Mrs. Heather.

Mrs. Bartsch and Patsy accompanied by her brother, Colin Campbell were visitors to their former home town, Elnora, last

Sunday. They were guests for the day at the home of their brother and sister-in-law, Mr. and Mrs. Donald Campbell.

BRANT

Rumors of oil drilling here have finally materialized. Brant has been invaded by a Hudson Bay oil drilling outfit, drilling for oil one mile north of Brant, on what is known as the Phillips farm. The little town of Brant has come to life, at least for the past week, and possible the future.

The place is alive with cars and trailer homes, housing drillers and their families, while others are renting empty homes that are available, and single men are seeking accommodations around town. Those that have to do so are renting empty houses and batching.

Jim Wells from Calgary was down to help with the harvest on Sunday for Benney Ball.

Mr. and Mrs. N. Thompson from Dromond City, motored to visit their son, Gordon Thompson and family.

Bob Sellers from Calgary was home on Sunday.

Mrs. John Evers from Calgary is visiting her daughter, Mrs. B. F. Sellers, for the past week.

Don Pearson from Bonaccord called to visit his parents, Mr. and

Mrs. Ed Pearson, and parents-in-law, Mr. and Mrs. N. Jensen on Tuesday.

Congratulations to Mr. and Mrs. Charles Rhodes on the birth of a son Tuesday noon, Sept. 25, a baby brother for Richard.

Mrs. Jensen and son Bill, accompanied by Mr. and Mrs. Ed. Pearson motored on Saturday for the weekend to Bonaccord to visit their respective son and daughter, Mr. and Mrs. Don Pearson and family.

Deepest sympathy is extended to Mrs. Royburn Jackson and family of High River and also relatives in Brant and Ensign district on the death of Mr. Jackson, who passed away on Wednesday in the High River hospital.

The United Church Sunday School has been closed for the past three months, and will reopen on Sunday, Oct. 7. Sunday School session will be held during church service; church starting at 9.30 a.m. Everyone is welcome, come and bring your children and young people.

Mr. and Mrs. Gordon Thompson and family motored to Calgary on Saturday.

Tom Gostick

The death occurred at Camrose on Thursday of G. Trevor (Tom) Gostick at the age of 81.

Mr. Gostick came here from Australia and farmed east of Carmangay until retiring to Carmangay.

He is survived by a sister and brother in England.

Funeral service will be in Carmangay.

It takes
money to make
good gasoline

Gasoline quality has risen tremendously in the past few years. Two gallons of today's gasoline do the work of three in the '20s.

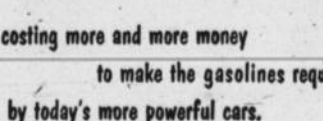

Finding new techniques to make these improved gasolines, and new equipment to put these techniques to work, has cost a lot of money.

Imperial, with by far Canada's most extensive oil research facilities, has spent 20 million dollars over the past ten years on research alone.

Imperial spent 65 million in the same period directly on new equipment to improve gasoline quality.

It's costing more and more money to make the gasolines required by today's more powerful cars.

A bridal shower in honor of Marlene Yackulic, a popular bride-elect of this month, was held in the Champion Community Hall on Tuesday, September 25th. More than one hundred ladies of the town and district gathered there that day to present Miss Yackulic with tokens of their good wishes for her future. The room was tastefully decorated with masses of autumn flowers, and pink, blue and white streamers. The program under the direction of Mrs. Russell Hegland consisted of several amusing songs, which told of the life of Mervyn and Marlene. The gifts were then drawn into the room by Carole Yackulic, in a wishing well. The tiny bucket held the beautiful white carnation corsage. Miss Elaine Groves pinned the corsage in place and made the presentation speech. Miss Yackulic was assisted in opening her gifts by her mother, Mrs. M. Yackulic; Mrs. Harry E. Smith; her grandmother, Mrs. R. Dibble, of Lethbridge; and her aunt, Mrs. Faye Wardman of Lethbridge. The hostess gift was a snow white Heirloom bedspread. THE OFFICE WORKER

In recent years, probably no one has suffered more from a lack of recognition than has the so-called "white collar" worker. While tradesmen, salesmen and management frequently share the limelight, the office staff are more than often ignored. Yet, what would business be without these men and women. Who would enjoy working for a company without a payroll? How could management operate without records? How long could the tradesmen produce if new materials were not ordered?

In every industry the men and women behind the desk do the detail work of administration and record keeping so necessary to our complex twentieth century economy.

Without these people the trains would not run on time — buildings would never get built — mass production of the necessities of today's life would be impossible.

Yes, we all owe a debt to industry's "men behind the men behind the machines".

Flying Farmers of Carmangay

(Calgary Herald)

People call them flying farmers, but actually, they are angels of mercy.

These were the words of A. J. Froehler, 1245 Regal Crescent, who was describing the volunteer air lift which saved the life of his nine years old daughter Saturday.

The girl, Donna, was flown to Calgary from Carmangay after suffering skull fractures in an automobile accident that took place near Barons. The two men who performed the airlift, farmers Bill Truesdell and Ken Bjornson, took their four seat Cessna off from a field in the middle of the night, without any light save that coming from a large full moon and made the trip to Calgary in 40 minutes.

"That flight was the only thing that saved my daughter's life," Mr. Froehler told the Herald. "Without those flying farmers, Donna would probably be dead, as they couldn't help her at the Carmangay hospital and she couldn't have lived through a car trip to Calgary."

An employee of Canadian Pacific Airlines who has logged over 1,000 hours flying time as air-crew during the war and who regularly logs 40 hours a year, Mr. Froehler knows what he is talking about when he says that the take-off from the poorly lit field was "one of the best ever."

Although the trip took only 40 minutes, good time actually, Mr.

Froehler described it as the longest flight he had ever made. Not in minutes. Mr. Froehler explained but entirely in his mind. He held his unconscious daughter, growing weaker every minute, in his arms throughout the trip, and at times could tell if she was alive or dead only by feeling her chest to see if her heart was beating.

The flight was entirely voluntary on the part of the flying farmers, who keep their craft ready at minute's notice to any emergency flight such as Saturday night's.

LACKED PROPER EQUIPMENT

Mr. Froehler said that when the doctor at Carmangay said that he could not help the girl because of lack of proper equipment, Bill Truesdell was notified, but couldn't make the flight because his aircraft seats only two. At Truesdell's suggestion, Bjornson was contacted, and, although he had not had any sleep in 20 hours, volunteered to fly the girl to Calgary on the condition that Truesdell came along to act as co-pilot.

Upon landing at McCall Field in Calgary, the girl was rushed to hospital by Starr's Ambulance, where she underwent emergency surgery Sunday afternoon.

"I know my daughter will live now," Mr. Froehler said, "but she wouldn't have if it hadn't been for those wonderful men who risked their lives taking off from an unlit field. They are truly angels of mercy."

Extra bushels mean higher profits. Get those EXTRA BUSHELS at little additional cost by applying NITRAGRO-82 this fall. Yes, THIS FALL cultivate and fertilize in one operation. NITRAGRO-82 is the ONLY fertilizer that chemically combines with the soil so there is absolutely no loss over winter.

The Milo Home and School Association will hold its October meeting in the school auditorium on Wednesday, Oct. 10, at 8 p.m. Len Kirby, from Winnipeg, spent 10 days in Milo visiting with Mr. and Mrs. Herb Kirby and family.

Friends of Mrs. Mervin Gold-

thorpe will be sorry to hear that she is a patient in the Vulcan hospital.

Lewellyn Hughes is also a patient in the Vulcan hospital.

L. H. Phillips spent a few days in Calgary visiting relatives.

Miss Mary Ann Crabb has been a patient in the Vulcan hospital where she underwent an appendectomy.

Darwin Phillips spent the weekend at his home here.

Approximately 20 members of the United Church Young People's Group, accompanied by as many guests, enjoyed a hay-ride on Friday evening.

The ride commenced at Milo, and was climaxed with a watermelon roast at Lake MacGregor. During the ride, the group was fortunate in being hailed down by a gentleman in a truck who donated about a dozen watermelons to the riders.

These were gratefully accepted and strains of "For He's a Jolly Good Fellow" filled the air as the Good Samaritan left. He was Mr. Cobia from Moses Lake, Washington.

Sandy is home again! This little budgie bird of the M. Jones family was found at the J. Bartsch farm and returned to its anxious owners.

Mr. and Mrs. Les Robertson and Paulette spent Sunday visiting relatives at Dog Pound, Alta.

Mr. and Mrs. William Moore, Sr., of Carmangay spent Sunday visiting Mr. and Mrs. A. Moore and Sylvia.

The Milo High School Student's Union has been re-organized for the 1956-57 term, and the executive has been elected as follows:

President, Grant Lahd; vice-president, Lorne Healy; secretary, Marilyn Thompson; treasurer, Janice Bertrand; social convener, Jay Bartsch; sports convener, Denny Beckner; lunch convener, Norlin Nelson; Grade 9 Room representative, David Hutchenson; Grade 10 and 11 Room representative, Richard Vachon; Grade 12 Room representative, June Nelson.

The first meeting of the Milo First Cub Pack will be held in the school auditorium on Tuesday, Oct. 9, at 3:45 p.m. Boys who are now eight years of age are eligible to join the pack and should come to the first meeting.

Peter Fleming is attending University this year.

Mr. and Mrs. Allan Martin, Randy and Ricky of Calgary are visitors at the Vic Rishfeldt home. Allan is helping with the harvesting operations. Frank Polson of Calgary was also helping.

Saturday, Allan Love had the misfortune to get his left arm in the belt of the combine and required several stitches in it. He is coming along fine now.

Mr. and Mrs. Lane lived in Sunset Valley in the Vulcan district for several years before moving to Spring Coulee.

Congratulations are extended to Mr. and Mrs. Sev. Washburn who were married 50 years ago, Oct. 4, 1906. Celebrations are planned for after harvest because the Washburns are still interested in harvest operations on their farm. They still live on the homestead Mr. Washburn took up in 1905. Their many friends and neighbors wish them a good harvest and a happy anniversary.

Mr. and Mrs. Scott of Turner Valley are visiting at the Mel Burgess home.

Mr. and Mrs. Bob Mitchell celebrated their golden wedding in Lethbridge on Sept. 15. They came here around 1910 farming mostly in the Union Jack district. They moved to Lethbridge three or four years ago. Their old friends and neighbors wish them many good years of happy married life.

**Building a seaway**

Hour after hour, day after day...GMC trucks slug it out on Canada's biggest construction job

Swinging out of the pit with a 12-ton load in the dump, this GMC 500 has a two-mile run ahead of it. And what a run it is...littered with boulders—ruffed with rains—it's a bone-breaking, torturing trip for any truck. But these big GMC's have mastered it!

There's a roar as twelve tons of rock and gravel spew out of the truck bed. Now it's the bulldozer's turn. And the job goes on in every extreme of heat and cold. These GMC's have to keep up with the schedule whether the temperature is 30 or 130. Make no mistake, they're doing it!

Building a seaway means building roads—moving towns—relocating railroads. For Sir Robert McAlpine and Sons (Canada) Limited, building a seaway means long hours on the run, hauling 12-ton loads on the railroad-building job—and keeping at it until the schedule is met.

Building a seaway means the toughest test yet for any truck...but these big GMC's are proving that they're the ruggedest, go-gettingest trucks on the job. Prove it on your job.

There's a GMC truck made to match it!
